

Lausanne, 01 February 2017

Dear Member Association:

We would like to provide information about our newly opened World Archery Excellence Centre (WAEC). Located in Lausanne, Switzerland, the Olympic capital of the world, the 9,000m² Excellence Centre is open to visitors year-round.

The venue is home to the EASTON Hall, a 2400m² multi-sport covered indoor hall with 16 targets of up to 70m (several configurations possible) and up to 42 targets at 18m. As well, the SPORTOTO Outdoor range includes up to 24 targets at 70m (5m to 90m setups are possible).

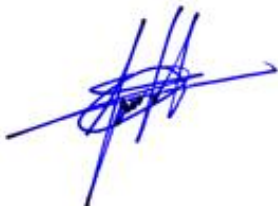

The World Archery Excellence Centre is proud to have several high-level coaches and is responsible for managing and maintaining world-class facilities and providing opportunities for all people, ages and abilities to participate, be educated and excel in the sport of archery.

Please find attached a standard offer for the Centre. Based on the services requested, we can fine tune our offer to cater to the Member Association's needs. If our facilities can help in any way in the preparation of your national team's training camps, coach's education, technical and performance workshops or sport science workshops, please enquire at: info@worldarcherycentre.org.

The WAEC will be host to several judge accreditation and coaching courses throughout the year. Additional information on this will be sent out to all via the World Archery Newsletter.

We look forward to seeing you soon.

Yours Sincerely,

Juan Carlos HOLGADO
WAEC Director
